## Introduction

### Part 1. Guidelines

1. Starting a learning alliance process
2. Stakeholder analysis
3. Developing a joint vision
4. Facilitating communication within networks
5. Developing a common understanding of problems
6. Looking at the environment for change: scenarios
7. Developing strategies for change and coping with an uncertain future
8. Innovating in learning alliances: action research
9. Promoting equity in processes
10. Documenting change
11. Monitoring success and less
12. Understanding why making changes can be difficult: engaging with realities of governance

### Part 2. City chapters

- Accra, Ghana
- Alexandria, Egypt
- Beijing, China
- Belo Horizonte, Brasil
- Birmingham, UK
- Cali, Colombia
- Hamburg, Germany
- Lima, Peru
- Lodz, Poland
- Tel Aviv, Israel
- Zaragoza, Spain

### Synthesis

- Targeted at cities/ researchers engaged in projects in water and beyond
- Multi-authored edited book (Editors: Peter McIntyre & John Butterworth; Authors: a long list...!)
- Part 1: based upon 'learning alliance' briefing notes, training sessions and feedback
- Part 2: based on 2010 city assessment papers (short version for book) and results workshop.
- Drafts being published on intranet
- Published by IRC (free pdf download, low cost hard copy)
